KENDALL'S SPAVIN CURE

We feel positive that every man can have perfect success in every

ease if he will only use good common sense in applying KENDALL'S SPAVIN CURE; and persevering in bad cases of long standing. Read below the experience of others. From COL. L. T. FOSTER. PERSEVERANCE WILL TELL

Toungstown, Ohio, May 10th, 1880
Da. B. J. KENDALI. & Co.—I had a very valuableHambletonian colt which I prized very highly, he had a large bone spavin on one joint, and a smaller one on the otner, which made him very lame. I had him under the charge of two Veterinary Surgeons, who failed to cure him. I was one day reading the advertisement of KEEDALI's SPAVIN CUBB in the Chicago Expose, I determined at once to try it, and got our druggists here to send for it—they ordered three bottles. I took thom all and thought I would give it a thorough triai I used it according to directions and by the fourth day the colt ceased to be lame, and the lumps had entirely disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the State. He is entirely cured. The cure was no remarkable that I let two of my neighbors have the remaining two bottles, who are now using it. Very Respectfully.

From REV. P. N. GRANGER. Presiding elder of St. Albana District Presiding elder of St. Albans District
St. Albans, Vt., Jan. 20th, 1880.

Dn. R. J. Egynall. & Co. Gents - In reply to your letter I will say that my experience with Kendell's Spavin Cure has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it cured a horse of lameness caused by a spavin. Last season my horse became very lame and I inrued him out for a few weeks when he became better, but when I got him on the road he grew worse, when I discovered a ringbone was forming. I procured a bottle of Kendell's Spavin Cure, and with less than a bottle cured him so that he is not lame—neither can the bunch be found.

Respectfully yours, P. N. GRANGER.

To whom it may Concern.—In the year 1875 I treated with Kendall's Spavin Cure, a hone apavin of several months' growth, nearly half as large as a hens egg, and completely stopped the humeness and removed the enlargement. I have worked the horse ever aime very hard, and never has been hame, nor could I see any difference in the size of the hock joints since I treated him with Kendall's Spavin Cure.

B. J. RENDALL & Co.-tients-I wish to add my testimony in favor of your valuable linfment, Ken-dall's Spavin Cure. In the spring of 1872 I alipped dall's Spavin Cure. In the spring of 1872 I slipped on the ice and sprained my right limb at the knee joint. I was very lane and at times suffered the most encrueisting pain. I were a handage on it for over a pear, and tried most everything in my reach, but could find nothing that would give me permaneut raiset. When I overworked it would fint me very much. In April, 1878, I began to think I should be a cripple for life; but having some of Keedall's Spavin Cure though I would try it. I used one-third of a bottle and experienced relief at once. The pain left me and has not troubled me since. I feel very gerieful to you and would recommend Kendall's Spavin Cure to all who suffer with sprains and rheumatism.

Yours truly.

MRS. J. BOUTELL.

ON HUMAN FLESH it has been ascertained by repeated trials to be the very best liniment ever used for any deep seated pain of long standing, or of short duration. Also for CORNS, BUNIONS, FROST-BITES, or any bruise, cut or lameness. Some are afraid to use it on human flesh simple because it is a horse medicine, but you should remember that what is good for BEAST is good for MAN, and we know from Experience that "KENDALL'S SPAVIN CURE" can be used on a child I year old with perfect safety. Its Effects are wonderful on human flesh and it does not blister or make a sore. Try it and be convinced.
